## Customer Reviews

- "Priya and the team at Chetana offer both the technical expertise and the communication skills necessary to ensure that when I send them projects they understand the issues fully and are able to deliver at a level that consistently exceeds my expectations."

**Kevin Carden**, Astrape Consulting, LLC

- "We worked with Chetana Systems for 6 months to both optimize our alpha site and build a new web product for our marketplace members. The team at Chetana Systems always showed consistent dedication, daily turn-around and responsiveness despite the fast-pace and ever-shifting feature set of our start-up dynamics." –

**Jose Arocha**, Director of Product Management, Laborfair Team

## Customer Reviews

- "Chetana developers balance insight and discipline for superior results on complex websites and data structures." –

**Benjamin Picard**, Founder, Fairbenjamin.com

- ChetanaSys returned excellent code and have been very responsive throughout the project. I am happy to refer the company and my contact, Priya, to prospective buyers. As a further note, to USA buyers, Priya has excellent English, probably better than me :)
